MSRP**

2007 Manufacturer's Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$580 for Cars and \$605 for Trucks, Vans and SUVs. (Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota's overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX is \$45 higher for Trucks, Sienna and SUVs, and \$55 higher for all other Toyota vehicles. Actual dealer price may vary. Pricing, specifications, standard features and available equipment are based on information available when this page was produced and are subject to change without notice.

Warranties

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Federal Emission Coverage: Components under the federal emission defect warranty are covered for 36 months/36,000 miles and specified major emission control components are covered for 8 years/80,000 miles. Specified major emission control components under emission performance warranty are also covered for 8 years/80,000 miles. In addition, emission performance warranty is applicable for 24 months/24,000 miles in states and local jurisdictions that require a periodic EPA-approved inspection and maintenance program.

California Emission Control Coverage: In California and any other state that adopts California emission warranty provisions, performance warranty and defect warranty coverage is applicable for 36 months/50,000 miles, and specific control devices are covered for 7 years/70,000 miles.

Accessories: Warranty coverage is for 12 months, regardless of mileage. If the part or accessory is installed during the New Vehicle Limited Warranty period, coverage is for 12 months or the remainder of the applicable warranty coverage, whichever is greater, with the exception of car covers, which are covered for 12 months only.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

In addition, there may be times when we will establish a special policy adjustment that will further defray repair costs. For details about the new vehicle limited warranty, see your Toyota dealer. And for complete details of Toyota's warranties, please refer to your Owner's Warranty.

Disclaimers

[1] Vehicle Dynamics Integrated Management (VDIM) is an electronic system which integrates braking, steering, Vehicle Stability Control (VSC) and Traction Control (TRAC) systems, and is designed to help the driver maintain control when there is a loss of traction in a turn. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[2] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[3] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[4] The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.

[5] All the vehicle's airbag systems are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to inflate in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold level. The side airbags and side curtain airbags are designed to inflate in certain types of severe side-impact collisions. The side curtain airbags also are Roll-Sensing Curtain Airbags (RSCA) and are designed to inflate at a severe tilt degree, roll or lateral G-force. In all other accidents, the airbags will not inflate. To decrease the risk of injury from an inflating airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating airbag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions. Vehicle complies with "advanced airbag" requirements of FMVSS 208.

[6] Available with Extra Value Package.

[7] HomeLink® is a registered trademark of Johnson Controls, Inc.

[8] Rear seat on two-row models, middle seat on three-row models.

[9] Standard on models with third-row seats.

[10] Standard on 4WD models, not available on 2WD models.

[11] The Highlander Hybrid is not designed to be driven off-road.

[12] Standard on 4WD-i models, not available on 2WD models.

[13] Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.

[14] Requires 16-in. aluminum alloy wheels or Appearance Package.

[15] Requires either urethane steering wheel with audio controls, privacy glass, Appearance Package or Leather Seat Package.

[16] Requires privacy glass or Extra Value Package #3 on second-row models.

[17] The navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. See your Navigation System Owner's Manual for further details.

[18] Requires JBL® 3-in-1 AM/FM Cassette/6-disc in-dash CD changer, eight speakers in six locations and in-glass antenna with FM diversity reception or Value Package.

[19] Requires JBL® audio, power moonroof or Extra Value Package.

[20] Requires Extra Value Package.

[21] 8-way driver's and 4-way passenger.

[22] Middle seat on three-row models.

[23] Two-row models recline eight steps, three-row models recline seven steps.

[24] Available on Highlander Gasoline 4-cylinder 2WD, V6 Base and Sport; available on Highlander Hybrid and Highlander Hybrid Limited; standard on Highlander Limited Gasoline models.

[25] Requires Leather Seat Package.

[26] Requires JBL® audio.

[27] Compass deleted from auto-dimming rearview mirror on Highlander Limited models equipped with navigation.

[28] V6 models only.

[29] Standard on three-row models.

[30] Requires JBL® audio and 8-way adjustable power driver's seat.

[31] Requires available Towing Prep Package

[32] Cargo and load capacity limited by weight and distribution.

[33] 2007 EPA-estimated ratings 22 city/28 highway/24 combined mpg for 2WD; 20 city/25 highway/22 combined mpg for 4WD 4-cylinder; 19 city/25 highway/21 combined mpg for 2WD V6; 18 city/24 highway/21 combined for 4WD V6. Actual mileage may vary.

[34] Meets Tier 2/Bin 3 Federal emissions standard.

[35] Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt.

[36] For Highlander Hybrid and Highlander Hybrid Limited, 3500-lb. maximum standard towing capacity. Please see your Toyota vehicle Owner's Manual for further details.

[37] 2007 EPA-estimated rating 32 city/27 highway/29 combined for 2WD; 31 city/27 highway/29 combined for 4WD-i. Actual mileage may vary.
